

# ORNELLAIA

## LE SERRE NUOVE DELL'ORNELLAIA 2021

- BOLGHERI DOC ROSSO

Crafted from the same varieties, under the same sky, from the same philosophy: Le Serre Nuove dell'Ornellaia is a proud second wine, which has the ability to foretell the personality of the estate's flagship wine. Together, the wines provide their own distinctive points of view. The pleasure of sipping Le Serre Nuove dell'Ornellaia evolves over time, adding the charm of maturity to the vigour of youth.

### WINEMAKER'S TASTING NOTES

50% Merlot, 28% Cabernet Sauvignon, 11% Cabernet Franc, 11% Petit Verdot Alc. : 14,5% vol.

*"The product of a vintage that has proven to be high calibre and deeply satisfying, Le Serre Nuove dell'Ornellaia 2021 allows the tannin qualities and balanced concentration to shine through.*

*The wine displays a bright ruby red with the usual purple highlights in the glass. Refreshing on the nose with pink pepper and cypress berries aromas, which are reminiscent of the Mediterranean shrub.*

*On tasting, the wine is elegant with a lovely acidity and an enduring and savoury finish, which entices further enjoyment."*

Olga Fusari - Winemaker - April 2023

### THE 2021 GROWING SEASON

2021 started with a mild yet rainy winter that enabled the water resources in the soil to be replenished. After a dry March, budbreak occurred in the first fortnight of April. The gradual rise in temperatures and normal rainfall allowed the shoots to develop evenly before flowering in superb conditions towards the end of May. Summer fully arrived in June with temperatures slightly above average and an almost total absence of rain, resulting in veraison in the last week of July. The dry spell continued throughout August and September, but the spring rain and our estate's deep soils allowed the vines to avoid overly intense water stress, creating the conditions for small, highly concentrated grapes with exceptional potential in terms of quality.

September was hot and sunny, devoid of rainfall, which provided for an "à la carte" harvest to convey the maximum quality potential of each vineyard.

The red grapes were harvested mostly in September, with Merlot within the first fortnight, and other varieties on the estate from 13 September onwards, ending on 1 October.

### VINIFICATION AND AGEING

The grapes were handpicked into 15 kg baskets. The bunches were selected by hand on a double sorting table before and after de-stemming, then finally soft-pressed. In addition to handpicking, we introduced optical selection in 2016 in order to further increase the quality of berry selection. Each variety and each parcel of land was vinified separately. The alcoholic fermentation took place partly in stainless steel tanks and partly in concrete vats at temperatures between 22-28°C for two weeks, followed by maceration for a total of about 10-15 days. The malolactic fermentation took place in stainless steel was after which the wines were racked into barriques (25% new and 75% used once). The wine remained in barriques in Ornellaia's temperature-controlled cellars for about 15 months. After the first 12 months the wine was blended and then returned to the barriques for an additional three months of ageing. The wine remains in the bottle for another six months prior to release.
